Defensive Driver
Training Programme

Train the Trainer programme

- This 4wd Training Programme, will allow Clients to establish their own In House HSE based Driver Training.
- Using the proven training methods used for our Standard Programme we take your chosen team and use your vehicles in your work environment. We progress them to a high standard suitable for them to act as Trainers for your own workforce.
- This can be very cost effective.
- Please [contact us](#) for further details.
- info@Xplorability.com
- Course Duration – 7 to 14 Days
- subject to the Programme chosen
- Student to Instructor Ratio 3:1
- Interactive Classroom Sessions
- Practical Driving Session
- Debrief Discussion
- **Xplorability** Certification

Management Team Building

- We feel that a “hands on” Management Team Building course based on the elements of our Standard 4wd Defensive Driving On and Off Road Training Courses is an essential part of assisting
- Management, Operations Supervisors and Line Managers understand more fully the needs and requirements of the Drivers under their control.
- The minimum number attending these Courses would be six but they can be run with up to twelve Managers/Support Staff demonstrating the type of Training their Drivers are undertaking while at the same time bringing the Team Building element.
- .
- The Team Building would use your vehicles and be carried out on your sites and local terrain.
- The usual Duration for these courses will be One to Two days to work in with your operational requirements.
- Contact us for further information.
